**Parental Permission Authorization for Website Publishing of Student Work or Photograph(s)**

Through out the school year, your child's photograph or original work may be under consideration for publication on the Catskill Central School District Website, a part of the World Wide Web (Internet). The original work will appear with a copyright notice prohibiting the copying of such work without express written permission. In the event anyone requests such permission, those requests will be forwarded to us as parents/guardians. No student last names, home address, telephone numbers, or e-mail address will appear with such photographs or work. Neither first nor last names of students under age 13 will be published with a photograph. This permission will remain in effect until we request in writing that the photograph or original work be removed. Such request will be submitted to the child's building principal. When requested, the artwork or writing will be removed within one week of receipt of the request. The photograph or original work may be removed at the decision of the District Web master at any time.
